QUESTIONS RECEIVED FROM CONSULTANTS

1. Q: Does the whole technical proposal need to be submitted in SF330 format (minus the samples & attachments)? For instance, the technical approach should be in section H? and there shouldn’t be anything in our format, correct?

   A: The Technical Proposal should be bound in your own format and should contain all the information requested in RFP IV. B (RFP-11) including Technical Approach, and completed Standard Form 330(s) as a subsection of the proposal. As per RFP-12, Section H of SF330 should contain Expertise. This answer also clarifies the Question #18 in Addendum 3.

2. Q: Can we also include other documentation like the technical approach, and resumes in our own format or do they need to be in 330 format as well?

   A: As instructed in Sections II & IV of the RFP and on Attachment 4, resumes for each individual identified as key personnel should be annexed to attachment 4. These can be in company format; however, the proposer must provide a response to SF330 sections E &G for these key personnel, if the company formatted resumes do not meet the requirements listed on SF 330. This also clarifies Question #17 from Addendum 3.

3. Q: We normally staff 2 people crews (Party chief and Instrument operations). The RFP calls for a field survey technician as well. Is this required or can we demonstrate capability with 2 person teams?

   A: Yes, two-person field crews are acceptable.

4. Q: Does the page count include each side or is front and back of one sheet considered one page?

   A: Each side is considered an individual page.

5. Q: Where can we add the revenue statement in the SF330 or can it be added separately? In RFP -11 B-2-b it stated the bidder should demonstrate it has an annual gross of at least $250,000. We were planning on submitting a statement to demonstrate this. Where should it be included?

   A: Insert Revenue Statement on Company Letterhead and include as an tab at the back of “Section H”.

6. Q: In reference “Section B: Technical Proposal Experience of Firm & Subconsultants: Section 7210 of the New York State Education Law requires that all business entities providing professional engineering services in the State of New York obtain a “Certificate of Authorization to provide Land Surveying Services in New York State” from the New York State Education Department. Please note that no award will be made to any proposing firm unless the firm is authorized by the New York State Education Department to provide professional land surveying services in the State. A copy of the
Certificate of Authorization must be provided prior to award.” Question: If the subconsultant is providing aerial photography & lidar are they required to have a “Certificate of Authorization to provide Land Surveying Services in New York State” or working under the consultant who has the licensing and authorization to work will be adequate?

A: Photogrammetry and Lidar are both services provided on an as needed basis. The firm providing should be licensed to operate as a business in their home state and carry the minimum liability insurance as required. The service becomes the ownership of the purchaser who must be authorized to operate as per the guidelines set by the NYS Education Department.

7. Q: Can a firm propose as a prime on more than one contract.

A: No, please see Question #s 11 & 21 in Addendum 3.

8. Q: Can a firm be on a JV and sub on another?

A: If that firm is not proposing as a “Prime”, then yes. But as a reminder, firm must meet the minimum staffing requirements utilizing separate personnel on each award.

9. Q: RFP 29, Attachment 5, Workload with other City & State Agencies: Is that as a Prime or a sub or both?

A: Both

10. Q: Section 7.05 Unit Price Number 6 Page 11 of technical requirement in regards to Vault surveys: Will DDC Topo provide a base map for this task?

A: Base mapping will be provided if available at the time of work order.

11. Q: Section 9.02 Unit Price Number 8 Page 15 of technical proposal in regards to scan surveys: Is the final mapping for scan surveys going to be DEP specifications or DOT specifications?

A: All infrastructure based surveys are prepared to DOT specifications.

12. Q: Is this a prevailing rates project? We didn’t see the rate schedule attached to the RFP

A: Some title used for surveyor services are prevailing wage rate titles fixed by the Comptroller in the Prevailing Wage Schedule, but not all titles. Your attention is directed to Article 9 of the Contract and Section 1.13.1 of Exhibit D to the Contract. Please also see the attached prevailing rate schedule from the NYC Comptroller. The prevailing wage rate schedule will become part of the final contract.

13. Q: Is it required to have a “NYS Dept. of Education (Certificate of Authorization to Provide Land Surveying Services in New York)” for this contract? Can a firm be based out of state and be allowed to propose as a JV or a prime on this contract?

A: The Certificate of Authorization is required and must be from NYS Department of Education.

14. Q: Is it equitable and fair to allow a M/WBE to propose as a prime and possibly be awarded a contract (with no sub-consulting requirement) and obtain the full contract value of $4.5M when non-
M/WBE firms will have to meet a M/WBE 25% participation requirement and obtain $1,125,000 less work?

A: The W/MBE Goal has been set at 25% for all contract holders. DDC advises the prospective vendor to reach out to the Mayor’s Office of Contract Services (MOCS) or the City Council to address this concern.

15. Q: If not available in-house, should a prime bring on a subconsultant for aerial survey services?

A: Yes

16. Q: With regard to the above referenced RFP, I have an additional question regarding the minimum requirements per title. For the Contract Executive, listed under Specific Experience it states “Project Management, Civil Engineering, Land Surveying Services”. Is the Civil Engineering requirement referring to a type of project (design, build, construction, etc.) experience or is that referring to experience as a licensed civil engineer?

A: Yes, list all relevant experience as performed as a Civil Engineer.

17. Q: Section IV.B.2.b of the RFP states: “the bidder must, for each of the three years prior to contract award, demonstrate that it has had annual gross revenue of at least $250,000.00 for the provision of land surveying services.” Does this refer to the contract for this RFP? Are proposers being asked to provide annual gross receipts for the past 3 years to date?

A: See response to Question 5.

18. Q: Can you please further explain the M/WBE requirements? Is the 25% goal an overall goal for the entire contract? Or do we need to reach 25% M/WBE involvement for each work order within the contract?

A: Please see answer to question number 2 in Addendum 3.

- **Subconsultants:** [To be inserted after selection of the Consultant]
Workers, Laborers and Mechanics employed on a public work project must receive not less than the prevailing rate of wage and benefits for the classification of work performed by each upon such public work. Pursuant to Labor Law §220 the Comptroller of the City of New York has promulgated this schedule solely for Workers, Laborers and Mechanics engaged by private contractors on New York City public work contracts.

This schedule is a compilation of separate determinations of the prevailing rate of wage and supplements made by the Comptroller for each trade classification listed herein pursuant to New York State Labor Law section 220 (5). The source of the wage and supplement rates, whether a collective bargaining agreement, survey data or other, is listed at the end of each classification.

Agency Chief Contracting Officers should contact the Bureau of Labor Law’s Classification Unit with any questions concerning trade classifications, prevailing rates or prevailing practices with respect to procurement on New York City public works contracts. Contractors are advised to review the Comptroller’s Prevailing Wage Schedule before bidding on public works contracts. Contractors with questions concerning trade classifications, prevailing rates or prevailing practices with respect to public works contracts in the procurement stage must contact the contracting agency responsible for the procurement.

Any error as to compensation under the prevailing wage law or other information as to trade classification, made by the contracting agency in the contract documents or in any other communication, will not preclude a finding against the contractor of prevailing wage violation.

Any questions concerning trade classifications, prevailing rates or prevailing practices on New York City public works contracts that have already been awarded may be directed to the Bureau of Labor Law’s Classification Unit by calling (212) 669-7974. All callers must have the agency name and contract registration number available when calling with questions on public works contracts. Please direct all other compliance issues to: Bureau of Labor Law, Attn: Wasyl Kinach, P.E., Office of the Comptroller, 1 Centre Street, Room 651, New York, N.Y. 10007; Fax (212) 669-4002.

The appropriate schedule of prevailing wages and benefits must be posted at all public work sites pursuant to Labor Law §220 (3-a) (a).

This schedule is applicable to work performed during the effective period, unless otherwise noted. Changes to this schedule are published on our web site www.comptroller.nyc.gov. Contractors must pay the wages and supplements in effect when the worker, laborer, mechanic performs the work. Preliminary schedules for future one-year periods appear in the City Record on or about June 1 each succeeding year. Final schedules appear on or about July 1 in the City Record and on our web site www.comptroller.nyc.gov.

The Comptroller’s Office has attempted to include all overtime, shift and night differential, Holiday, Saturday, Sunday or other premium time work. However, this schedule does not set forth every prevailing practice with respect to such rates with which employers must comply. All such practices are nevertheless part of the employer’s prevailing wage obligation and contained in the collective bargaining agreements of the prevailing wage unions. These collective bargaining agreements are available for inspection by appointment. Requests for appointments may be made by calling (212) 669-4443, Monday through Friday between the hours of 9 a.m. and 5 p.m.
Prevailing rates and ratios for apprentices are attached to this schedule in the Appendix. Pursuant to Labor Law §220 (3-e), only apprentices who are individually registered in a bona fide program to which the employer contractor is a participant, registered with the New York State Department of Labor, may be employed on a public work project. Workers who are not journey persons or not registered apprentices pursuant to Labor Law §220 (3-e) may not be substituted for apprentices and must be paid as journey persons.

Public Work construction, reconstruction, demolition, excavation, rehabilitation, repair, renovation, alteration, or improvement contracts awarded pursuant to a Project Labor Agreement ("PLA") in accordance with Labor Law section 222 may have different labor standards for shift, premium and overtime work. Please refer to the PLA's pre-negotiated labor agreements for wage and benefit rates applicable to work performed outside of the regular workday. More information is available at the Mayor’s Office of Contract Services (MOCS) web page at http://www.nyc.gov/html/mocs/html/vendors/pla.shtml.

All the provisions of Labor Law section 220 remain applicable to PLA work including, but not limited to, the enforcement of prevailing wage requirements by the Comptroller; however, we will enforce shift, premium, overtime and other non-standard rates as they appear in a project’s pre-negotiated labor agreement.

In order to meet their obligation to provide prevailing supplemental benefits to each covered employee, employers must either:

1) Provide bona-fide benefits which cost the employer no less than the prevailing supplemental benefits rate; or
2) Supplement the employee’s hourly wage by an amount no less than the prevailing supplemental benefits rate; or
3) Provide a combination of bona-fide benefits and wage supplements which cost the employer no less than the prevailing supplemental benefits rate in total.

Although prevailing wage laws do not require employers to provide benefits (as opposed to wage supplements) to their employees, other laws may. For example, the Employee Retirement Income Security Act, 29 U.S.C. § 1001 et seq., the Patient Protection and Affordable Care Act, 42 U.S.C. § 18001 et seq., and the New York City Paid Sick Leave Law, N.Y.C. Admin. Code § 20-911 et seq., require certain employers to provide certain benefits to their employees. Labor agreements to which employers are a party may also require certain benefits. The Comptroller’s Office does not enforce these laws or agreements.

Employers must provide prevailing supplemental benefits at the straight time rate for each hour worked unless otherwise noted in the classification.
